The Index consists of two parts:

- I An index to articles arranged under subject headings, namely Borderlands, Editorials, Education, Ethnography, Feuilleton, History, Linguistics, Political and Cultural Affairs, Religious Affairs, Research, Social Conditions and the News Digest.
- II A general index of personal and geographical names, and subjects. In this index subjects (e.g. education) are given under the republic or country to which they refer.

. . .

It will be noticed that the text of the REVIEW contains some inconsistencies in the spelling of proper names; these are partly due to inconsistencies in Soviet publications. Every effort has been made to arrive at the most accurate spelling and, where the spelling in the REVIEW differs from that in the Index, the Index version should be taken as the correct one.

In the case of small places or new settlements, the oblast and/or republic in which each place-name occurs is as far as possible stated in the general index; in the case of the borderland countries, the name of the country is given beside the place-name.

The following abbreviations are used throughout:

Afgh.	for	Afghanistan
Azerb.	for	Azerbaijan
Kaz.	for	Kazakhstan
Kirg.	for	Kirgizia
Pak.	for	Pakistan
Sink.	for	Sinkiang
Tad.	for	Tadzhikistan
Uzb.	for	Uzbekistan

In the Index references are made only to page numbers and not to issue numbers. In Volume IX of CENTRAL ASIAN REVIEW,

No.1	runs from pages	1 to 108
No.2	runs from pages	109 to 223
No.3	runs from pages	224 to 329
No.4	runs from pages	330 to 427
